

B.3. How important is it to you, that GE expanded its wind energy business from \$0.5 to \$2.5 billion in three years?

*** B.3. How important is it to you, that GE expanded its wind energy business from \$0.5 to \$2.5 billion in three years?**

Very Important Important Somewhat Important Not Very Important Not At All Important Need More Information

Narration:

Many people don't take wind power seriously until they realize major corporations are. Global corporations are making significant investments in wind power as market values make wind power more attractive. Here we see General Electric both TV and print ads as indication of the profitability of this sector.
